

Mini Crawlers

Used Mini Crawler Burbank - We have designed numerous programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the skilled operator who needs certification or re-certification, and for inexperienced operator who is seeking a job in the industry. Crane operator positions are in demand due to their high rates of pay. Crane operators are among the highest paid of whatever heavy machine operator. Our Crane Operator training provides instruction for different mobile cranes. Course content includes Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Load Charts, Rigging, and Signaling. The program is best for crane operators, riggers and their supervisors. The materials incorporated in the course will include a guidebook and various informative handouts. The illustrated safety guidebook consists of one hundred to two hundred fifty pages, depending on the course, of useful and important material. Course materials comprise load exercises and load charts for the crane with which the trainee is working. Hands-On Safety Training would take up more than half of the course curriculum. The practical training part is the most helpful method to improving and developing personal skill levels. Just licensed journeyman crane instructors are selected to teach the courses. Our instructors possess many years of industry experience. Optional testing mechanisms are provided for all of our courses. Students would usually write tests both before and after training. A test for skills is generally administered for programs that comprise H.O.S.T. People training would be graded and tested. Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Testing & Certification. Industry standards of practice are evolving as new trade requirements surface. There are constant updates to legislation and regulations. Enhancements in technology and equipment continue to be made. Industry data analysis and collection identify changing trends. Members maintain the privilege of managing their training programs and certifications. Mobile device alerts keep members abreast of workplace and personal safety news.
